FACILITATORS COURSE

11-15 March 2024, Chennai

The TPM Facilitators Course has been developed in the TPM CLUB with a goal of developing such professionals in the companies who are practicing and initiating TPM. To understand, assimilate and implement TPM inside any organization, calls for a firm comprehension of the principles and methods of the various pillar activities, by the secretariat, since it is they who have to ensure a structured way of TPM implementation.

To cater to this growing demand, TPM Club India, has developed the FACILITATORS COURSE, focused towards middle, senior management members or Site Heads or the TPM Coordinators.

BENEFITS to the ORGANIZATION

The programme would impart both knowledge and skills to introduce and support TPM at all stages of TPM development. The TPM approach followed in this programme is strictly in line with the JIPM methodology. Participants would be exposed to TPM through classroom training and case study presentations. The programme concludes with an examination that would qualify the participants as TPM in-house Facilitators.
